THE DOUBLE STANDARD

WILL NOT BE ADVOCATED BY EX-
PRESIDENT CLEVELAND.

HE IS NO LONGER A "GOLD BUG."

The Story Goes That Senator Vest Has
Wrought the Conversion of the Ex-
President to the Double Standard.

WASHINGTON, November 24.—[Special.]—A
story is in circulation here today to the effect
that Governor Cleveland has completely flopped
on the silver question, and will take an early
opportunity to declare in public his conversion
to the free coinage of the white metal.

HIS PREVIOUS RECORD.

When president of the United States, Mr.
Cleveland was just as much of a "goldbug" as
John Sherman or Senator Edmunds. His
policy was to keep silver out of the country
as far as possible, and to place it on a
parity with gold as money, and that the free
coinage of silver, or any decided increase in
silver money, would result disastrously to
the country.

But Mr. Cleveland is an avowed candidate
for the presidency, and evidently sees the ne-
cessity of getting into line with his party on
the money question.

SENATOR VEST IS RESPONSIBLE.

Senator Vest can be credited with bringing
about Mr. Cleveland's conversion. The story
is this:

Four or five days before the adjournment
of the last session of congress a number of
democratic senators were gathered together in
their cloak room discussing the political out-
look. Senators Barbour, Gorman, Vest, Vance
and McPherson were of the party. At least
three of the senators named declared that
Cleveland stood no chance whatever for the
nomination.

Senator Vest spoke warmly of
the ex-president's tariff record and main-
tained that he was the most available man in
the party and would be nominated by accla-
mation in 1900. One of the party said that
Cleveland could never get the electoral vote in
the west on account of his silver record.

THE LETTER PRODUCED.

At this Senator Vest pulled from his pocket
a letter which he had received that morning
from Mr. Cleveland. In it the ex-president
stated that the writer had read carefully all
the arguments advanced in both houses in re-
gard to the silver bill, and he freely and
frankly confessed that he had been wrong on
that question in the past. He declared that
he was now ready to announce his conversion
to the double-standard theory. The story
further goes that Cleveland will, in the near
future, say publicly substantially what he said
in this letter to the Missouri senator.

CLEVELAND IS A MAN.

Representative Clements, of Georgia, is one
of the latest arrivals in the city. Mr. Clements
is one of the democratic members in the pres-
ent house who will not have a hand in the
legislation of the fifty-second congress, having
been defeated at the nomination by alliance
with the republicans. His conversion to the
double standard, however, will find hard work
to live up to the reputation which Mr. Clements
has made here.

"Oh, yes," said Mr. Clements, "the election
was quite a surprise in some particulars.
I was sure that the republican majority would
be in the next house. The big victory
certainly gives the democratic party every
possibility of electing their president in 1892.

"The nominee? Oh, the nominee will
probably depend on which of the New York
candidates the New York delegation
though a western man might be nominated.
I do not think the democratic
convention will merely convoke to endorse the
action of New York in the matter, and some
western man may carry away the prize from
both Cleveland and Hill.

"Everything is exceedingly prosperous in
the south just now. The cotton crop is big,
and the south is getting rich fast. No, I can't
tell what will be done about the force bill.
The bill is itself so radically wrong in prin-
ciple that it should never be passed. The future
prosperity of the south, however, is so well as-
sured that it can't be hurt by any force bill."

THE SENATOR'S BROTHER

On the Other Side of the Fence from Him
in Politics.

SAN ANTONIO, Tex., November 24.—[Special.]—
Sam Wolcott, a brother of United
States Senator Ed Wolcott, of Colorado, has
been in the city for the past several days
visiting his supplies for his extensive ranch, which
is located on the Rio Grande river, between
Laredo and Eagle Pass. Sam Wolcott has
been a resident of Texas for nearly a quarter
of a century, and he is a thorough frontiers-
man in every respect. He was formerly one
of the most extensive wool growers in the
southwest, but is now engaged in the cattle
business. He is totally unlike his
brother, Senator Wolcott, both in appearance
and in politics. In conversation with him
he is a staunch republican and
a warm supporter of the constitution. He ex-
presses himself as being highly pleased with
the result of the recent election.

CASTING THEIR BALLOTS.

The Alabama Democrats Are Again In
Caucus.

MONTGOMERY, Ala., November 24.—[Special.]—
The senatorial caucus was called to
order at 8 o'clock tonight, and 121 mem-
bers answered to their names. Mr. Hindley offered
a resolution that the caucus vote by viva voce
method, and that was ruled out of order by the
chairman. The chairman read a notice of the
caucus, that he had been called home sud-
denly by sickness, and in the event the same
caucus was extended to the 25th inst. Mr. Cor-
bett was allowed to cast his vote for himself.
Twenty-first ballot—Pugh, 48; Kolb, 38;
Gore, 27; Watts, 9.
Twenty-second ballot—Pugh, 49; Kolb, 40;
Gore, 27; Watts, 8.
Twenty-third ballot—Pugh, 53; Kolb, 36;
Gore, 25; Watts, 6.
Twenty-fourth ballot—Pugh, 56; Kolb, 36;
Gore, 23; Watts, 5; Clements, 2.
The Alabama made the motion to adjourn,
which was lost by a vote of 51 to 50.
Twenty-fifth ballot—Pugh, 54; Kolb, 37;
Gore, 25; Watts, 7.
Mr. Pettus moved to adjourn, and the year-
end adjournment was called for, which resulted in 11
yeas and 6 nays on the roll call of the sen-
ators, and 6 yeas and 50 nays on the call of the
members. The caucus was adjourned until
the greatest confusion and excitement.
The adjournment to adjourn, made by a Kolb man,
was seconded by a Seay man, which is regarded
as a straw showing which way the wind is
blowing. It is believed that the vote on adjournment,
though to nominate a Pugh strength, which
is not one of the anti-Pugh strength, which
is thought a combination of concentrated on one
side, will come down in favor of the other. In
the case of the final contest will be close,
and the result doubtful. Still the Pugh
men are confident and jubilant tonight.
An open ballot will be taken in the legislature
to-morrow at noon, but it is believed there
will be no material change in the vote from
that given in the caucus. The outlook tonight
is for a settlement of the vexed

THE WORLD'S FAIR.

Under Whose Management Will It Be Held?

CHICAGO, November 24.—A secret con-
ference was held today by the joint committee
of the national commission and local directory
of the world's fair, with the view of determining
the much disputed question of jurisdiction in
the management of the fair. The directory
claimed that the \$1,000,000 fund must be ex-
pended under its immediate supervision, sub-
ject to the approval of the commission. There
is not likely to be a serious division on this
point, but a grave issue is the matter of sol-
iciting exhibits. Under the commission's in-
terpretation the directors could do nothing in
this direction without the approval of the com-
mission, and that the directory seriously objects
to the board also objects to the com-
mission's interpretation of the act, holding
that the board has no power to originate any
action in regard to exhibits, foreign or domes-
tic. The majority of the fair will depend
largely on the temper of the two bodies, for if
either should become obstinate a deadlock
might ensue, and the consequences be most
serious. If a satisfactory settlement is reached
there are but two other important things for
the commission to do at this session. One is
to accept the plans and specifications which
will be presented to it by its grounds and
buildings committee, and the other is to certify
that \$10,000,000 is assured. That done, the
president can be notified that all is in readi-
ness.

A member of the commission said to an
Associated Press reporter that in case an
agreement cannot be reached the commission
will simply adjourn and report the facts to the
president.

MEETING OF CLUBS.

Chiefs of bureaus and the director general
will direct the world's fair. The board of
reference and control of eight members from
the naval commission and a like number from
the local directory will constitute a conference
committee to settle matters of difference
that may arise in the management of the ex-
position.

All depends on the adoption by the com-
mission of the report of the special committee
of the two bodies appointed to consider ques-
tions of jurisdiction. The local directory
declined the responsibility of the commission
and it is expected the commission will take
similar action tomorrow. The committees
avoided the jurisdiction question and ad-
dressed themselves to the subject of a
system of bureaus, that would leave out of
consideration all disputes concerning the re-
spective powers and duties of the two
bodies.

Under this plan the day after to-
morrow was a plan that the chiefs of
bureaus are to be appointed by the director
general, subject to the approval of the com-
mission and directory.

The chiefs are to bear the stamp of the com-
mission. The directory is to pay the salaries
of the bureaus, but the commission is to
reduce the expenses of any department, when
it deems such action to be in the interest of
the exposition. Material changes or modifi-
cations of the plans of bureaus are to be made
subject to the approval of the two
committees on grounds and buildings.

The commission coincides with the department of
classification, a system to which are added the
bureaus of forestry and forestry products,
publicity and promotion, and foreign affairs.
The creation of a bureau of foreign affairs is
not to contravene the rights and powers of the
committees on foreign affairs, to control the
disbursement of the \$20,000 heretofore placed
under their control.

PASSING RESOLUTIONS.

The world's fair national commission today
passed resolutions offered by Commissioner
Claggett, of Washington, that congress be
asked to allow the use of a penalty envelope
for business of the commission.

F. F. Jaycox, traffic manager, appointed by
Director General Davis, has placed his resignation
in the hands of the director general.

President Palmer was authorized to confer
with the speaker of the house of representa-
tives, with the view of securing the proper
appointment of two commissioners from
Alaska.

The report of the committee on awards was
adopted. This recommends bronze medals
and certificates, instead of money premiums.
The foreign affairs committee recommended
the adoption of W. F. Curtis's scheme to
establish a South American bureau at
Washington. The committee thought the
scheme would produce an attractive and val-
uable exhibit.

Mr. Thatcher, of New York, opposed the re-
port. His principal objection, he said, was
that the plan was better equipped
than any other in the country, but he personally represented the
gentleman who is now secretary of state. He
objected to having the official seal of the
commission restricted to purely political
purpose, and which he believed was originated
to further the political fortunes of the dis-
tinguished gentleman who occupied the chair of
state.

Mr. Jones offered a resolution declaring that
it was not desirable to open the presidential
campaign in 1892 on this floor at this time,
and recommending that the committee's re-
port be indefinitely postponed.

Mr. Waller said there was not a shadow of
politics in the committee's report. There was
nothing in the committee's report that would
despite him if he thought he had permitted
politics to influence his action. If Mr. Blaine
got any benefit out of the committee's
action in straggling for a South American ex-
hibit, he was entitled to it.

Pending discussion the commission ad-
journed.

THE LADY MANAGERS.

The board of lady managers of the world's
fair resumed its session today. Mrs. John A.
Logan urged that the business be hurried
through.

"adies, if we defer action much longer we
shall be the laughing stock of the nation,"
said she. "Every day we stay here costs the
nation over \$1,000. Let us do something and
save ourselves from ridicule."

Addresses were made by Miss Frances
E. Willard, Miss Harriet Hosmer and others.
Among the matters proposed by the different
members of the board were: That an adminis-
tration building for the use of the board be
erected on the fair grounds; that there should
be a separate building for the exhibition of
women's work; that the salaries of the sec-
retary be \$3,000; that every exhibit be accom-
panied with a statement specifying that said
exhibit is or is not introduced in whole or in
part by female labor.

Advances in Window Glass.

PITTSBURGH, O., November 24.—The price of
window glass is reported here, will be ad-
vanced 5 per cent tomorrow by the American
Window Glass Company, the name of the
trust, which now controls forty-one
factories in the west, including those of Pitts-
burgh. The formal transfer of all plants, ac-
cording to reports, will be made to the officers
of the combination at a meeting to be held in
Chicago tomorrow, after which this advance
in price will at once go into effect.

Coal Miners on a Strike.

SOMERSET, Ky., November 24.—Miners at
Barren Fork coal mines, numbering 300, are
on a strike. They demanded an increase of 10
cents per ton, which the company refused to
pay. They thereupon threw their tools down
and refused to work. The commissary has
been locked against the miners, and they have
been refused anything to eat.

An Afternoon Paper for Raleigh.

RALEIGH, N. C., November 24.—[Special.]—
Thomas R. Jernigan, editor of The Intelli-
gencer, of this city, will, in a few days, begin
the publication of an afternoon paper here.

HAVE THE TRUE GRIT.

THE DEMOCRATS OF NEW HAMPSHIRE MEET

TO THWART CHANDLER'S SCHEME,

To Be Carried Out at the Special Session of
the Legislature—Democrats Will Be
There to Frustrate It.

CONCORD, N. H., November 24.—A con-
ference of the leading democrats of the state was
held here tonight, to consider the questions
and contingencies arising with the call of the
special session of the legislature. Among
those present were: Frank Jones, John W.
Saulsbury, C. O. Arnsden, A. W. Silloway
and Henry O. Keat. The following is given
as an official statement of the party:

We are unanimous and enthusiastic in the sup-
port of the opinion of Judge Howe and Hon.
William G. Russell on the duties of the clerk and
the entire absence of the rights to seats of
"entitled" members at any stage in the
next legislature. Upon the opinion as it
stands, in reference to "entitled" and classed
towns, their positions are accepted in their en-
tirety, they will give the democratic party the
organization of the house and enable them to
deal justly and constitutionally with members
from the classed towns. This conference is also
unanimous in the conviction and united support
of the position that no action whatever can be
taken by the old legislature which can affect
the status and rights of the members in the
new legislature, and any attempt to
do so is creating great dissatisfaction among
the republicans and conservative re-
publicans and all fair-minded men, irrespective
of party. Democracy will not insist on anything
that is not clearly warranted by the law and the
constitution, and they will submit to nothing less
than a fair and equitable settlement of the
Florida methods to the contrary notwithstanding.
Desperate scheming and revolutionary tactics
and arbitrary measures are not the way to
change the status of the members of the
new legislature, and any attempt to do so
is creating great dissatisfaction among the
republicans and conservative re-
publicans and all fair-minded men, irrespective
of party. Democracy will not insist on anything
that is not clearly warranted by the law and the
constitution, and they will submit to nothing less
than a fair and equitable settlement of the
Florida methods to the contrary notwithstanding.

Desperate scheming

ANDREW A. LIPSCOMB.

DEATH OF THE VENERABLE EX-CHANCELLOR.

The Distinguished Life and Services of Ex-Chancellor Lipscomb—His Early Life and Career.

ATHENS, Ga., November 24.—[Special.]—Ex-Chancellor Andrew A. Lipscomb is dead. Last night at the midnight hour ushered out the blessed Sabbath day, the soul of this venerable man burst its earthly tenement and answered there before the throne of God.

The last illness of Dr. Lipscomb was one of short duration, and although his death was not unexpected, still it was a great painful shock. Only a few weeks ago he returned from a visit to his son in Opelika, Ala., and seemed to be in as good health as usual.

ANDREW A. LIPSCOMB.

terrible cold settled upon him, however, which baffled all efforts of the physicians to check it, and accelerated by the weight of old age, it soon carried him beyond the power of human aid. Bravely and with Christian faith he went down into the valley of the shadow and yielded up his spirit unto Him that giveth, with the full assurance that he had fought a good fight, had kept the faith, and that hereafter there was laid up for him a crown of righteousness.

Throughout his last sickness he evinced the same Christian fortitude and patience which had characterized his whole life, and when he died, surrounded by his loving relations and a few life-long friends, it was but the transition of a deathless one from the cares of earth to the endless joys of eternity. Not a trace of pain, not an evidence of agony, but as imperceptibly as daylight merges into the gloom, his spirit faded into the clime of the celestial.

The death of Dr. Lipscomb has cast a gloom over the entire city, where he was known so well and loved so dearly, and throughout the union the news of his death will carry sadness into many homes. The old will mourn the loss of a dear and devoted friend, the young will mourn the loss of a faithful adviser and counselor. Eminent for piety, renowned in the service of his state as chancellor of the university, surrounded by the good results of his labors, the full measure of years allotted to man crowned his life.

Andrew Adgate Lipscomb was born in Georgetown, Md., on the 24th of September, 1816. His father was Rev. William Lorrie Lipscomb, a distinguished divine of the Methodist church. The early youth of Dr. Lipscomb was spent in Virginia at college. At the age of eighteen he was ordained a minister of the Methodist Protestant church, and the pulpit of that church at Alexandria and Baltimore. In 1840 he was ordained minister of the Methodist church at Montgomery, and fifteen years served the congregations of that church with eminent ability, ever working for the good of his people, and keeping up continually in his mind the teachings of his Master. He rendered himself dear to the people of Montgomery in a manner that will last beyond the grave.

Since before the war, he preached a sermon at Wesley Female college, in Macon, Ga., which attracted the attention of the trustees of the university, and in 1860 he was called to the University of Georgia. The office of president having been abolished, Dr. Lipscomb was made chancellor, an honored position which he held for fourteen years. Throughout the war and through the stormy scenes following, the university prospered under his administration, and turned out from its halls some of the greatest men of our state. Kind and genial, yet forcible in his conduct, he won the hearts of all the students.

SINCE HIS RETIREMENT. Since 1874 Dr. Lipscomb has lived in Athens, devoting most of his time to literary work. He was a man of great literary talent, and was a frequent contributor to Harper's Magazine and other periodicals. A profound student of Shakespeare, he has for the past eleven years been the professor on that subject at the Lucy Cobb institute. During his life he had conferred upon him the degree of LL.D., and was at the time of his death eminent professor of Vanderbilt university.

Dr. Lipscomb was twice married during his life. His first wife was Miss Margaret Henrietta Blanche Richardson, of Baltimore. Two children blessed this union—Mrs. Ella F. Green and Professor Frank A. Lipscomb, the latter being dead. He afterwards married Miss Susan Dowell, of Alabama, and by the union was blessed with two children, Carrie, who died in infancy, and Andrew D., who now resides at Opelika, Ala.

Up to within a short time of his death, the mind of the venerable sufferer was kept upon his Shakespeare class at Lucy Cobb institute, and the last words he said were: "If the books have come I will be over in a few days and commence the study."

A kind regard for his friends and exalted admiration of woman, a tender sympathy for youth, a Christian faith that remained faithful to the end, these were shining qualities of the distinguished man.

The funeral exercises will occur tomorrow afternoon at the First Methodist church, and will be conducted by Rev. W. D. Anderson, pastor of that church, assisted by the local clergyman. The University of Georgia and Lucy Cobb institute will attend the funeral in a body. Kind and loving hands will bear the body to its long resting place, and on a beautiful hill overlooking the Oconee, all that remains of the venerable chancellor will be consigned to mother earth.

Death of Mr. J. W. Wilkinson. WASHINGTON, Ga., November 24.—[Special.]—Mr. James W. Wilkinson, probably the second largest land owner of Wilkes county, died this morning. His ancestor was one of the first settlers of Washington in 1772. He settled on the spot where Mr. Jefferson Davis was entertained in 1865. Mr. Wilkinson lived on his plantation.

Death of Freddie Hargis. KINGSBORN, Ga., November 24.—[Special.]—Freddie Hargis, son of T. V. Hargis of this place, died at 6 o'clock this evening. He has been sick about two weeks, but was not thought to be dangerously ill the last few days. He was about seventeen years old and a favorite with all the boys.

I never was strong and I married a delicate lady. We traveled much in search of health but we remained invalids until we began a use of Dr. Bull's Sarsaparilla. We both are now in better health and feel stronger.—R. A. Mathews, Harrisburg, Pa.

SHOT TO DEATH.

ANOTHER BLOODY TRAGEDY IN WINNETT COUNTY.

Growing Out of Feuds Between Railroad Negroes—The Escape of the Murderer—Other Crimes Committed.

LAWRENCEVILLE, Ga., November 24.—[Special.]—Last night, at Powers' camp, nine miles east of this place, another bloody tragedy was enacted, resulting in the death of another railroad negro. Dolph Kennedy was sitting in his rude tent, made of logs and dirt, when Rich Henry, a negro, and in the shadow of the trees under which the tent was pitched, and through an aperture in the tent, shot and killed the former, who after bleeding like a slaughtered hog, died on the spot. The negro fled, but the sheriff after him. He is a small, black negro, weighing 140 pounds, with flat, clean face and wavy eyes, wearing a black slouch hat and overalls.

THE SECOND MURDER COMMITTED. This is the second murder on this new road, besides several attempts. George Jackson is in jail to answer the charge of assault with intent to murder. With a large open knife, one Sabbath, four weeks ago, in a fit of jealousy, he sprang at a negro cook on the camp, who was sitting on the ground, but missed his aim and stove the keen blade into the ground by her side, and before he could renew the attempt he was caught.

A SPECIAL GRAND JURY CALLED. A special grand jury has been called for December 1st, which will investigate these troubles. Our people fear trouble at the hands of these desperadoes.

THE NEGRO LEFT.

And it is Not Probable that He Will Ever Return.

ELBERTON, Ga., November 24.—[Special.]—A negro named Ed Morrison attempted to enter the room of a white woman by force, about fourteen miles below Elberton last Friday night. She recognized him, raised the alarm and several neighbors gathered and soon captured the scoundrel. Their first intention was to put an end to his existence, but some of the more conservative of the party prevailed on them that after administering a severe punishment the negro should be allowed to leave the country, on conditions that he would not stop within 100 miles and never to return. The negro gladly accepted the proposition.

An Attempted Escape. COVINGTON, Ga., November 24.—[Special.]—There are six prisoners in jail at this place, and last night they made an effort to escape. They were in the lower portion of the jail and had succeeded in reaching up the floor, and were digging under the wall when Sheriff H. B. Anderson discovered their movements and prevented their escape.

Shot Through the Arm. ELBERTON, Ga., November 24.—[Special.]—An affair of the pistol occurred in Elberton Saturday night in which a man working on the Georgia, Carolina and Northern railroad, was shot through the arm by Mr. Thomas Wall. The arm was broken. The particulars are not yet known. A judicial investigation will be had.

COLLEGE ATHLETICS.

The University Students Will Erect a Gymnasium.

ATHENS, Ga., November 24.—[Special.]—The university boys are taking a great interest in athletics at this juncture, and from the way they are taking hold of things, it seems as if they mean business. Football is now the leading athletic sport at the university. Each class has its eleven picked men, who engage almost every afternoon in a game on the campus.

The freshmen eleven played the senior eleven a game yesterday, witnessed by a large number of spectators. It resulted in favor of the freshmen by a score of 4 to 2.

The movement for the erection of a gymnasium for the University of Georgia is making headway.

Professor Herty, who is chairman of the board of directors, is working hard for the enterprise, and, backed by the boys and the citizens, will succeed in building a good gymnasium, a thing long needed here.

THE COTTON ON FIRE.

A Spark from a Passing Train Does the Work.

VILLA RICA, Ga., November 24.—[Special.]—About one hundred bales of cotton on the platform of the Georgia Pacific depot, here took fire from a passing engine this evening. About forty bales were burned. The cotton is still burning, but the fire is under control. The cotton burned belongs to Adair Bros. & Co., of Atlanta; J. C. Hight, Malone & Co., J. M. Hambrick, W. A. Floyd, J. M. Hambrick and Pritchett, Malone & Co. are the heaviest losers. Adair & Co. have railroad receipts for their cotton.

Candler had forty-four bales on the platform, but situated on the eastern side from the fire, and all of their lot was saved.

BITTEN BY A BLUE-GUMMED NEGRO.

Blood-Poisoning Set in Which Resulted in Death.

LAGRANGE, Ga., November 24.—[Special.]—Henry Ferguson, colored, died today from the effects of a bite on the hand three months ago by Joe Strozzer. Blood poisoning ensued, and he could get no relief. The negro claims that Strozzer is a blue-gummed negro, and regard a bite from one of that kind as poisonous as that of a rattlesnake. Very few negroes would have anything to do with his burial on account of their superstitious fears in regard to a death of this character.

A Ginhouse Fire.

WASHINGTON, Ga., November 24.—[Special.]—The ginhouse of Mr. Aristides Callaway was burned last Friday, about five miles from Washington. The fire began in the lintroom at about 9 o'clock in the afternoon and got at once beyond control. Mr. Callaway lost, in gin, press, about ten bales of cotton, of which two were ginned and packed, and a considerable quantity of cotton seed. Whether the fire was due to friction or some of the everlasting matches is not known. There was no insurance.

His Leg Broken.

ATHENS, Ga., November 24.—[Special.]—Jack King, a negro blacksmith of this city, was thrown from his horse yesterday afternoon and his leg badly fractured. The wound is quite a serious one.

His Gun Exploded.

THOMASVILLE, Ga., November 24.—[Special.]—Mr. Jeff Andrews, son of Dr. J. H. Andrews, was badly hurt while out hunting this afternoon, by the explosion of his gun.

The Mississippi River Commission.

GREENVILLE, Miss., November 24.—[Special.]—The Mississippi river commission, on board the United States steamer Mississippi, passed today. The full commission is present: Major Harrod, Colonel Flad, General Comstock, Colonel Ernst, Professor Whitely and Judge Taylor. They made an examination of the government work done here, and pronounced it in first-class condition, and that it would hold forever. The \$100,000 appropriated by congress for the protection of the river bank at this city will be extended one mile above the city. This was decided by the commission today. At 2 o'clock they proceeded on their tour of inspection down the river.

To Adjourn for the Holidays.

MONTGOMERY, Ala., November 24.—[Special.]—In the two houses of the general assembly today the joint committee to fix a time of adjournment for the holidays, report recommending adjournment on December 10th, and reassembling January 20th. The senate amended the report by fixing the time of reassembling for January 27th.

Tidbit of News.

Miller's, 31 Marietta street.

BLACKMAIL OR BIGAMY

SENSATIONAL ENDING OF A WEDDING TRIP.

The Groom Is Met By a Woman Who Claims to Be His Wife No. 1.—He Claims He Is a Case of Blackmail.

A woman claiming to be Mrs. Mattie Sloan, is locked up in the station house charged with blackmail.

There is quite a sensational story in the city. The woman was arrested about 12 o'clock last night at the instance of Mr. J. B. Scarritt, who runs a boarding house on Broad street. She was found at her sister's house on Fourth street, by Detectives Cason and Bedford.

The woman claims to be the wife of Mr. L. A. Sloan, a clerk on the Air-Line freight depot. She declined to give any other name than that of Sloan, and in return to the charge or blackmail by Mr. Scarritt, charges Mr. Sloan, Mr. Scarritt's son-in-law, with bigamy.

If the woman is not a blackmailer it may turn out that Mr. Sloan is the husband of two wives.

The woman under arrest for blackmail claims to be wife No. 1.

About two weeks ago, on the 15th of this month, Mr. Sloan was married to Miss Scarritt. Last night at 9:40 o'clock he and his bride returned from their wedding trip. Mr. Sloan was at once acquainted with the situation, and, although dumfounded by the damaging charges, immediately took steps, with Mr. Scarritt, to punish his accuser, and at the same time clear himself.

Mr. Sloan has been in Atlanta, connected with the Air-Line freight depot, for some years. He has always borne an excellent reputation, and his closest friends believe implicitly in his innocence of the charge of bigamy.

The woman who claims to be Mrs. Sloan No. 1 came to Atlanta before Mr. Sloan's marriage, from Asheville, N. C.

Last Wednesday she called at Mr. Scarritt's house and introduced herself as Mrs. Sloan, claiming the man who had just married that gentleman's daughter to be her husband.

Naturally this announcement affected Mr. Scarritt very dramatically. After a lengthy interview with the woman Mr. Scarritt came to the conclusion that she was trying to work a blackmailing scheme. He determined to follow it out on that line, and accordingly wrote to Greenville, S. C., where the woman stated she and Sloan had lived together for information.

His search developed the fact that the woman was married to a man, and failed to establish any marriage between her and Mr. Sloan.

Mr. Scarritt was indignant when he learned fully the character of the woman, and he set about to get evidence to sustain a charge of blackmail before the law.

When Mr. Sloan reached the city last night he learned the claims of the woman, and emphasized, stating positively that the matrimonial knot had never been tied between them and challenging her to produce any sort of evidence to sustain her claim.

The woman says she and Sloan were married in Greenville, S. C., in 1888, by a magistrate. She says she has in her possession a portion of the marriage certificate, which, she claims, was torn by Sloan in an effort by him to take away from her the right to the money.

She admits being a woman of doubtful character, and claims that Sloan married her under false promises, and that he had exposed certain acts of his which would get him into trouble if known.

Mr. Scarritt will take out a warrant charging the woman with blackmail this morning. A warrant charging Mr. Sloan with bigamy will probably be sworn out by the woman.

A BAD NEGRO.

He Shoots at a Policeman and the Officer Lodges a Ball in His Thigh.

Patrolman Elberidge shot a negro, who was thought to be the notorious George Washington, last night.

There was a negro frolic over on State street, near the new school building.

Several buckets were with pistols in their pockets, and about 11 o'clock they pulled them out and proceeded to clear the room.

One of the negroes was armed with a Winchester rifle besides a knife. It is reported that he was George Washington, who killed Bob Oliver several weeks ago, and who has been a terror to the suburbs ever since.

The patrolman charged the negro with murder, and the Winchester turned on him and fired a shot from his revolver.

The patrolman returned the fire, his shot hitting the negro in the thigh. The negro was disabled him, and the officer then easily disarmed him.

At the station house he gave his name as King. He conveyed does not undertake to "star" any prima donna, but it does aim to give a complete ensemble. The choruses are the pride of the company, and are certainly worthy of the highest approval.

The tonic effect were a prominent feature of the opera, staged with taste and picturesque appearance.

Mr. Paul Steinhardt, the musical director, deserves special mention for his capable training of both soloists and choruses. He is an artist in the full sense of the word, and he has his ample opportunities of operative management throughout the performance.

The grand march of the third and last act was a gem. The costumes were exceedingly taking, and the drilling of the choruses evoked immense applause. It was, most assuredly, a brilliant march-martial, brisk and striking.

The singing by Rita Selby, Clara Lavine and Frances Rousseau was very commendable. Miss Selby did justice to several telling solos; her voice possesses a fine volume and sympathetic tones.

The solo in the first of the third act, sung by Miss Rousseau, was a credit to the prima donna. She was in good voice, sang with force and fine discrimination, with the general favor.

Ferris Hartman was very funny as the big dealer. Mr. Rafael sang to an advantage in the role of the exile.

It is no more than just to credit the Corneil company with an earnest effort to give Strauss' opera as it should be given. The result was an evening of rare entertainment for the large audience which was certainly repaid in full for the admission fee.

The State Board of Agriculture to Meet. RALPHIGH, N. C., November 24.—[Special.]—Today the state board of agriculture was called to meet here December 3d. It will be a most important meeting. The board will draft a law providing for a tax on each acre of commercial fertilizers brought into the state. This is to replace the old tax of \$300 on each brand. The sentiment of the members is in favor of a tax of 25 cents per ton.

The Raleigh Street Railway. RALPHIGH, N. C., November 24.—[Special.]—Dr. Jacobs, purchaser of the Raleigh Street railway, arrived here today. He has made some changes in his plans, and will construct ten miles of track. The Sprague system of motors will be used.

CHESTER FAULKNER, a promising member of the Atlanta bar, has gone to Columbus, Miss., on a visit to his family and friends.

THE RAILWAY TRAINMEN.

They Organize a New Brotherhood in Macon.

MACON, Ga., November 24.—[Special.]—A new labor order was organized in Macon last night. It is known as the Brotherhood of Railway Trainmen, its members consisting of conductors, baggage masters and train hands. It is called the John B. Gordon lodge, Brotherhood of Railway Trainmen.

About forty members were initiated last night.

The charter members of the order are: W. A. Little, D. A. Brady, T. S. Martin, J. H. Smith, J. N. Stone, W. F. Robertson, A. L. Snow, E. L. Buchanan, S. K. Johnson.

The officers of the new order are: J. G. Oliver, past master; J. E. Palmer, master; J. T. Skipper, vice master; W. G. Lagerquist, secretary; G. W. Craig, general agent; J. W. Brady, treasurer; W. W. Austin, chaplain; J. D. Taylor, inner guard, and W. H. Anchors, outer guard.

After the election of the above officers, those present were invited to partake of a grand spread, which had been prepared for the occasion.

During the banquet Hon. John T. Boileau, who was present as a specially invited guest, was called upon to speak. He very graciously responded with a short talk, explaining to the meeting that, owing to the fact that he would have to leave the city in a very short time, he could not attempt anything like an address. His remarks were received with much appreciation, and he was roundly applauded.

Other well known gentlemen, some of them members of the order, made appropriate addresses, which awakened much enthusiasm.

Another meeting of the order was held tonight for the reception of members.

HE IS NOT A CANDIDATE.

Major Hanson Will Not Make the Race for Mayor of Macon.

MACON, Ga., November 24.—[Special.]—For some time past Mr. J. F. Hanson, a candidate for mayor, has been making the rounds of the city, and has been repeatedly urged to make the race for mayor. The only candidate now in the field is Hon. S. B. Price, the present incumbent.

Major Hanson has been universally considered the most available man, and consequently his name has been freely mentioned in connection with the position.

Today, however, he announces that under no condition can he consent to make the race, and positively refuses to become a candidate.

This will sadly blast the hopes of the anti-Price faction, as that gentleman will probably now have no opposition. It is generally conceded that he will make the race, and, indeed, this has been claimed by his friends from the beginning.

The following is a letter published today from Major Hanson, in which he states plainly his position:

MACON, Ga., November 24.—In view of repeated suggestions of my name as a candidate for mayor, it is proper for me to say that my private business engagements are such that it is impossible for me to undertake the duties of this office. I can assure the people of Macon, who have been so kind to make me the subject of their expressions of confidence and am willing to serve them, but circumstances beyond my control require that my time be devoted exclusively to the interests under my charge. Very respectfully, J. F. HANSON.

Macon in General.

MACON, Ga., November 24.—[Special.]—Binary Wiley today received notification from Superintendent Powell of the state industrial asylum, that Melrose Ray, a negro woman who was sent there from this county in July last, died yesterday from epilepsy.

W. J. Self, an old citizen and a veteran of the late war, died this morning at his home in South Macon. His remains will be taken in charge by the Bibb County Confederate Veterans' Association. The funeral will take place tomorrow morning.

In the superior court today the case of W. H. Nelson vs. the Central railroad, suit for \$10,000 damages, is being heard. Nelson lost an arm in an accident on that road a few months ago.

The Macon Volunteers will hold a meeting tonight to take action upon a proposition to attend the laying of the corner stone of the Girls' Normal school at Milledgeville on Wednesday night, and remain over until today. He is busily engaged in removing his valuable laboratory to Atlanta. He says he finds plenty to do in his new position.

The largest person that has been buried in Macon in many years was buried yesterday by Undertaker Lazar Clay. The deceased was a negro woman living in South Macon. It required a coffin six feet nine inches long by two and one-half feet wide and two feet deep to hold the corpse, and even then the body could hardly be placed in the coffin.

The coffin was one of the largest ever seen in Macon, and for a long time Undertaker Lazar Clay has been puzzled as to what to do with it.

An application for a charter was filed in the superior court today for a new Macon enterprise, known as the H. Horne Real Estate, Insurance and Investment Company. Mr. H. Horne, at the head of the enterprise. The capital stock is to be \$25,000, with the privilege to increase it to \$100,000. The company wishes to buy, sell and real estate, do a general insurance and investment business, and to borrow and lend money.

IF YOU HAVE MALARIA OR PILES, SICK HEADACHE, DUMB AGUE, CONSTIPATION, RHEUMATISM, BRUISES, STOMACH AND BOWEL AFFECTIONS, AND ALL THE AFFECTIONS OF THE DIGESTIVE SYSTEM, AND YOU HAVE NO APPETITE, TOTT'S PILLS

will cure these troubles. Try them. You have nothing to lose by trying them. They are sold everywhere. Price, 25c. per box. SOLD EVERYWHERE.

ELY'S CREAM BALM FOR CATARRH

THE POSITIVE CURE APPLY BALM INTO EACH NOSTRIL—ALL DRUGGISTS, 50 Cts.

Ringing Noises

"I used Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. Catarrh was very disagreeable, especially in winter, causing constant discharge from the ears, ringing noises in my ears, and pains in the head. The effort to clear my head by morning by hawking and spitting was useless. Hood's Sarsaparilla gave me relief, and while in time I was entirely cured. I am now worth its weight in gold." Mrs. G. E. 1025 Eighth Street, N. W., Washington, D. C.

Hood's Sarsaparilla

"I am happy to say that my wife was cured of a very bad cough and what was called 'croup' by Hood's Sarsaparilla. She was restored to perfect health, which she has enjoyed ever since. Our little girl was poor and puny; Hood's Sarsaparilla seemed to be just the thing she needed, as she has been well and hearty since taking it." FRANK OTIS, Berwick, Me.

THE DEAD BISHOP.

FUNERAL WEDNESDAY MORNING AT 10 O'CLOCK.

Standing Committee Fixes the Time and Place. The Interment at Oakland-Ministers Take Action.

That is mortal of Right Rev. John W. Beckwith, bishop of the diocese of Georgia, will be held at the cathedral of St. Luke's, the grandest monument of his faith and fidelity that is left to the city. The funeral exercises will be held at 10 o'clock, at St. Luke's cathedral. The final arrangements for his funeral will be made today.

The Standing Committee. The standing committee of the diocese met yesterday morning in the bishop's study. At the meeting all the members of the committee, Messrs. Williams, Rev. Mr. Harrison, Rev. Mr. Miller, and Messrs. Miller, Strong, Rev. Mr. Walker, were present.

The committee had indicated the desire that the funeral should be held at the cathedral of St. Luke's, and in its discretion, were deemed proper. Accordingly, the committee recommended to the bishop that the funeral be held at the cathedral of St. Luke's, the grandest monument of his faith and fidelity that is left to the city. The funeral exercises will be held at 10 o'clock, at St. Luke's cathedral. The final arrangements for his funeral will be made today.

The committee then appointed a special committee to provide an order of service to be held at the funeral. This committee was charged with the duty of making such needful arrangements for the funeral as it may deem advisable. The special committee will report at the adjourned meeting of the standing committee to be held at 10 o'clock this morning at the office of Col. Z. D. Harris, the secretary. The interment will be at Oakland cemetery in the family lot. The time of the funeral was fixed at the early hour of 10 o'clock, so as to enable the attending clergyman to return in time to conduct thanksgiving services in their churches.

There has been but little of any talk as to the likely successor of Bishop Beckwith. Several prominent clergymen have been mentioned, but there will be no decisive action taken until the meeting of the diocese convention, which will probably be held at St. Luke's cathedral in about thirty days. It is altogether likely that the standing committee will take action upon this matter and select the time and place of holding the convention.

Many friends of the bishop have requested individual members of the standing committee to consider the propriety of carrying the body to the cathedral before the hour appointed for the funeral, that the people may have an opportunity of seeing and looking once more into the face of the beloved dead. This matter will probably be considered by the committee at its session today.

One other matter that will come before the meeting is the selection of the time and place of holding the memorial exercises in honor of the bishop. At these exercises addresses eulogistic of the dead, and descriptive of his life and character, will be made by the clergy and by members of the diocese.

The curators will meet at St. Luke's at 12 o'clock today, to make arrangements for the funeral.

Tonight there will be a meeting of the missionary committee, of the diocese of Georgia, in room No. 112 Kimball house, at 8 o'clock, for the purpose of taking appropriate action in regard to the death of Bishop Beckwith.

Distinguished Clergy Expected. Many of the most distinguished men in the Episcopal clergy will, it is expected, be here to participate in the ceremonies. Among these will be several bishops of the church. Bishop Wood, of Florida, will arrive in the city today. Until the appointment of the new bishop, the bishops of the various dioceses throughout the country will be asked to make the diocese visits and perform the necessary duties connected with the bishopric.

It is stated that Bishop Wood, whose consent has already been obtained, will be the first to perform this office.

Resolutions of St. Philip's Vestry. The following resolutions were passed by the vestry of St. Philip's church, at a meeting last night:

"The Master is come and calleth for thee" is heard in the home of one dear to the church in Georgia, and has brought deep sorrow to the midst of the Rev. John W. Beckwith, D. D., bishop of the diocese of Georgia.

In Bishop Beckwith, we recognized one possessed of brilliant natural gifts, always manly, dignified and courteous of manner, with good and noble heart responsive to every thought and charitable emotion; a man who was loved and loved in return; a man whose life was a lesson to all who came in contact with him.

His life to the church has gone to the reward where with "the pure of heart" know the joy of being in the presence of the glory of God, and "where he no longer comes through a glass darkly, but face to face."

When only low in submission, "the still, and the low voice" of his faith in God tells us that their work "down here" are needed "up there" henceforth it will be our earnest endeavor to so follow his precepts as to imitate his examples, that we may again see him and be with him; therefore, be it

body, on the death of Bishop Beckwith. The following is the paper, published by the request of the conference:

Among followers of Christ, the recognition of Christian worth should not be shut up within lines of ecclesiastical separation, however narrow these may be. True goodness is too large-hearted to be warmed to permit such narrow restrictions, and wherever it sees the Master's image honors and loves it for the Master's sake.

With this conviction, the Atlanta Baptist conference, in view of the death of Rev. J. W. Beckwith, D. D., bishop of the Protestant Episcopal diocese of the state of Georgia, desires to express its sincere sympathy with the family and the ecclesiastical brotherhood bereaved by this sad event. The ability, the learning, the moral excellence, the firm adherence to personal convictions of right and of duty which marked his character and his noble career, cannot be withdrawn from the sphere of earthly life by the awakening of profound regret widely shared by believers of belief, conscientious on his part and on ours, we nevertheless pay our fraternal tribute to him as he passes now into that better world where divisions shall be unknown forever.

D. SHAWER, Chairman.
S. J. JAMESON.

The Methodist Ministers' Association yesterday the death of Bishop Beckwith was announced.

Rev. J. W. Heald, Trinity; Rev. J. L. Underwood, of Park street church; Rev. M. L. Sannett, of Grace church, were appointed to present resolutions expressive of the deep sense, entertained by the association, of sorrow at the affliction which has bereaved the entire church and country, and brought so much grief to the stricken home.

The resolutions will be furnished for publication and sent to the clergy of the diocese. A large number of answers to these telegrams have been received, indicating that there will be a full attendance of the clergy at the funeral.

The committee directed that the following resolutions be sent to all the missions and parishes in the diocese:

It is with profound grief, and a deep sense of the loss which has fallen upon the diocese, that the standing committee makes official announcement to the clergy in Georgia of the death of their bishop. He entered into the rest of Paradise on Sunday morning, the 22nd day of November, 1890.

The committee suggests and recommends that Sunday next, being Advent Sunday, be set apart as a day upon which memorial services shall be held in all the churches and chapels of the diocese. The committee feels that such should be done in order that some proper expression may be given to the grief which is universal in this great bereavement, and also as a demonstration of the love we bore him, and the love in which his memory is cherished among his people.

The committee then appointed a special committee to provide an order of service to be held at the funeral. This committee was charged with the duty of making such needful arrangements for the funeral as it may deem advisable. The special committee will report at the adjourned meeting of the standing committee to be held at 10 o'clock this morning at the office of Col. Z. D. Harris, the secretary. The interment will be at Oakland cemetery in the family lot. The time of the funeral was fixed at the early hour of 10 o'clock, so as to enable the attending clergyman to return in time to conduct thanksgiving services in their churches.

There has been but little of any talk as to the likely successor of Bishop Beckwith. Several prominent clergymen have been mentioned, but there will be no decisive action taken until the meeting of the diocese convention, which will probably be held at St. Luke's cathedral in about thirty days. It is altogether likely that the standing committee will take action upon this matter and select the time and place of holding the convention.

Many friends of the bishop have requested individual members of the standing committee to consider the propriety of carrying the body to the cathedral before the hour appointed for the funeral, that the people may have an opportunity of seeing and looking once more into the face of the beloved dead. This matter will probably be considered by the committee at its session today.

One other matter that will come before the meeting is the selection of the time and place of holding the memorial exercises in honor of the bishop. At these exercises addresses eulogistic of the dead, and descriptive of his life and character, will be made by the clergy and by members of the diocese.

The curators will meet at St. Luke's at 12 o'clock today, to make arrangements for the funeral.

Tonight there will be a meeting of the missionary committee, of the diocese of Georgia, in room No. 112 Kimball house, at 8 o'clock, for the purpose of taking appropriate action in regard to the death of Bishop Beckwith.

Distinguished Clergy Expected. Many of the most distinguished men in the Episcopal clergy will, it is expected, be here to participate in the ceremonies. Among these will be several bishops of the church. Bishop Wood, of Florida, will arrive in the city today. Until the appointment of the new bishop, the bishops of the various dioceses throughout the country will be asked to make the diocese visits and perform the necessary duties connected with the bishopric.

It is stated that Bishop Wood, whose consent has already been obtained, will be the first to perform this office.

Resolutions of St. Philip's Vestry. The following resolutions were passed by the vestry of St. Philip's church, at a meeting last night:

"The Master is come and calleth for thee" is heard in the home of one dear to the church in Georgia, and has brought deep sorrow to the midst of the Rev. John W. Beckwith, D. D., bishop of the diocese of Georgia.

In Bishop Beckwith, we recognized one possessed of brilliant natural gifts, always manly, dignified and courteous of manner, with good and noble heart responsive to every thought and charitable emotion; a man who was loved and loved in return; a man whose life was a lesson to all who came in contact with him.

His life to the church has gone to the reward where with "the pure of heart" know the joy of being in the presence of the glory of God, and "where he no longer comes through a glass darkly, but face to face."

When only low in submission, "the still, and the low voice" of his faith in God tells us that their work "down here" are needed "up there" henceforth it will be our earnest endeavor to so follow his precepts as to imitate his examples, that we may again see him and be with him; therefore, be it

he came in contact, and that he will be sorely missed by all who knew him, directly or indirectly, I have no doubt.

Mr. W. F. Patterson—I think Bishop Beckwith was one of the most eminent divines the country has ever produced. He was a deep thinker, a logical debater and a pure Christian. More men like him would make this world a grander one than it is.

Mr. T. M. Clarke—"I looked upon him as one of my warmest personal friends, and I consider him one of the purest Christians I have ever known."

Mr. F. M. Potts—"I think he was one of the most amiable men I ever saw in my life, and one of the most attractive as a minister. And he was certainly one of the most earnest in the delivery of his sermons I ever heard."

"His death is a great loss to the country and to the world at large, which he made better by his presence," said Mr. John Colvin, who knew him well.

Mr. S. A. Darnell—His death is a calamity to the church and the cause of religion throughout the country. Bishop Beckwith was one of the finest pulpits orators I ever heard. He was especially impressive at a funeral. He was then pathetic and suggestive, and his sermon on the last resting place of a human being always formed with his ideas of the immortality of the soul and the resurrection of the dead, and other lofty and noble thoughts which could be the creation only of a superior mind. Personally, he was a man of most winning presence, and was extremely popular with all. The death of such men always takes what of the world so much more of that which the world so much needs.

BISHOP BECKWITH'S DEATH.

How the News of It Was Received in Macon.

MACON, Ga., November 24.—[Special.]—Bishop Beckwith's death has cast a gloom over the entire Episcopal diocese of this city, and indeed over many others.

On every hand are heard expressions of great sorrow at his untimely taking off, and there is everywhere a feeling of the fact that his death is sorely felt in Macon.

Christ church has appointed Rector Reese to attend the funeral, and a meeting of the congregation of St. Paul's church will be held this evening to appoint a committee for a similar service.

St. Paul's church was the cathedral church in this city. Bishop Beckwith and his family having a pew set up in it for them.

The services at this church yesterday were sad and impressive. The procession of the church was led by Rector Reese, who announced the sad tidings of Bishop Beckwith's death, and bade the congregation the solemn litany of the church. Then was said the litany and lesser litany. Mr. Powers preached upon the "Majesty and Worth of Sorrow." After the benediction the choir sang "De Profundis," another hymn, and then, and tearful, left the church. It was one of the most solemn services ever held in St. Paul's, and it left a profound impression upon all those who were present.

IN THE FEDERAL COURT.

At yesterday's session of the federal court William Medaris, charged with illicit distilling, was acquitted of the charge of working in an illicit still.

The case of William P. Gentry, charged with illicit distilling, was not pressed, there being insufficient evidence to warrant a trial. James Foster was found guilty of working in an illicit still and sentenced to one month's imprisonment.

"Hood's Sarsaparilla has helped me more for catarrh and impure blood than anything else I ever used," writes John M. Miller, 31 Marietta street. Hundreds of others give similar testimony.

USE POND'S EXTRACT for Muscular Rheumatism

WHAT THE DOCTOR SAYS:

A PROMINENT NEW YORK PHYSICIAN GIVES THIS ADVICE FOR THE CURE OF MUSCULAR RHEUMATISM:

"Be regular in your habits, eat and drink only what you need. If the intestinal action is sluggish take a course of cathartics or some form of diuretic water to carry off the wastes of the body through the kidneys. Have the painful muscles rubbed thoroughly, frequently and fervently, using some soothing lotion. I like POND'S EXTRACT for such conditions, and it will promptly take out the soreness."

WHAT THE PATIENT SAYS:

"My wife has been afflicted with the rheumatism for the past five weeks, after using every known liniment, your POND'S EXTRACT came and we rejoice to say it is helping her very much."

—R. O. FISHER, Indianapolis, Ind.

IN THE HOUSE.

WHAT WENT ON AMONG THE REPRESENTATIVES YESTERDAY.

A Bill to Protect Discharged Employees—Several Other Big Measures of General Interest in the Lobby.

The bill enlarging the board of trustees of the Technological school passed the house yesterday.

The bill was introduced by Mr. Martin, of Fulton, and makes the number of trustees seven instead of five.

Another requirement of the bill is that three of the board shall reside in Atlanta.

This provision of the bill will inaugurate a most desirable change in the government of the Technological school.

Heretofore it has been necessary whenever any business of the school came up for settlement, no matter how small it may be, the trustees would have to come from distant parts of the state at considerable expense to the state.

Under the change embodied in Mr. Martin's bill, there will be sufficient members of the board in Atlanta to take action on matters pertaining to the government of the school at all times.

The bill was tabled several days ago in the house, but when taken up yesterday passed with a sweeping vote, only one member voting against it.

Mr. Martin, of Fulton, introduced another bill of general importance yesterday.

It is an act requiring all railroads to have at least three brakemen on freight trains running in this state, unless the train has not less than three power brakes on it.

This bill is intended to further prevent railway collisions and protect life and property generally.

Mr. Goodwin, of the bill, placed an important measure before the house yesterday on its first reading.

It is entitled an act for the protection of discharged employees, and to prevent blacklisting in this state.

The bill makes it a misdemeanor for any employer to prevent a discharged employee from securing employment elsewhere, and makes such offender liable to a fine of \$500.

Especially does this bill protect the employees of the railroad syndicates that have inaugurated a method of notifying their discharged branch offices whenever a laborer is discharged and blacklisting him with all the roads in the system.

The Local Option Law.

Mr. Martin introduced a bill that is calculated to arouse much interest in all Georgia, in that it amends the local option law of this state.

The bill provides that in the various cities and counties of the state now under prohibition laws by virtue of the local option act, there may be established dispensaries in which alcohol and whisky may be kept for medicinal, scientific or domestic purposes.

One of these dispensaries may be established in towns having less than 2,500 inhabitants, and two in cities having a greater population.

In counties where these dispensaries are established the grand jury shall have control, or, if same be established in cities, he mayor and council are given control of the public house.

The measure is calculated to allay much of the opposition now felt in cities and counties to the provisions of the local option law.

Amending the Rice Bill.

Mr. Fleming, of Richmond, offered a bill yesterday amending the act introduced by Senator Frank Rice in the last session, defining the powers and duties of the board of trustees of the Georgia Agricultural Experiment Station.

The bill introduced by Mr. Fleming simply strikes out the words "Ineligible to" and inserts in their stead the words "Incompetent to hold." This amendment makes this change in the present law that any councilman or alderman may run for another municipal office, providing the term of his incumbency does not begin until after the end of his term as alderman or councilman.

"My only object in introducing it," said Mr. Fleming, in speaking of the bill, "is to clear up what seems to be a misunderstanding as to the intent of the act. I think that simple change does it. If that doesn't bring out what was intended by the bill, I trust it will be changed so as to make the whole thing clear."

When the roll call of the house was taken up yesterday morning the happiest man that answered to his name was Dr. S. W. Johnson, the gentleman from Appling county.

Dr. Johnson is going to marry next Thursday.

He will leave Atlanta this morning for his home in Appling county, and will be joined there by a party of friends and relatives who will accompany him to Spring Hill, the home of his betrothed.

Miss Annie Anthony, to whose many charms the gentleman from Appling has fallen captive, is a daughter of Rev. J. D. Anthony, of Spring Hill, who is one of the most valuable members of the house.

He was educated at Vanderbilt university, and graduated from the Atlanta Medical college. He and his bride will be at the Kimball for the remainder of the term.

The good esteem and profound congratulations of every member of the house go with the gentleman from Appling to the scenes of his nuptials.

That Election Case.

It was not tried yesterday.

Owing to the unavoidable absence of Hon. Peter W. Melvin, attorney for James, the case was postponed by the committee in private sessions and elections until this afternoon at 3 o'clock.

On the Clerk's Desk.

The following bills were read the first time: Mr. Mitchell, of Pike—To repeal the present charter of the town of Zebulon and to enact a new charter.

Mr. Goodwin, of Fulton—To make it unlawful for any person, firm or corporation, to circulate any damaging reports to send out less than three brakemen, exclusive of flagmen, with any freight train, unless at least three of the cars have power brakes in working order and in use.

Mr. Fleming, of Richmond—To provide for recording the bonds of county treasurers, tax receivers and collectors where their sureties live in different counties.

Mr. Say of Floyd—To incorporate the Cedar-town Street Railroad Company.

Mr. Fleming, of Richmond—To amend the act declaring councilmen in town and cities ineligible to any other office during their term of office.

Mr. Hays, of Hall—To relieve from penalty for failure to pay tax on time the Gainesville and Hall County Street Railroad Company.

Mr. Ryals, of Chatham—To amend the law for any railroad to work its men on passenger trains more than twelve hours a day.

Mr. Martin, of Fulton—To amend the local option law by allowing any county so desiring to establish a dispensary.

Mr. Gardner, of Marion—To provide a system of public schools for the town of Oglethorpe.

Mr. Goodwin, of Fulton—To amend the act incorporating the Capital City Land and Improvement Company.

The following bills were passed:

Mr. Humphries, of Brooks—To create a board of commissioners of estates for the county of Brooks.

Mr. Wright, of Ellaboga—To regulate the sale of domestic wines in Ellaboga county.

Lithing the Technological school so as to increase

OVER THE RAILROADS.

WILL RUN A BRIDGE ON FORSYTH STREET.

The Special Committee to Bridge Forsyth Street Will Meet This Afternoon to Consider the Work.

To bridge Forsyth street will be one of the most important pieces of work before the general council of 1891.

The present council has begun the work.

And this afternoon it will be given a permanent shape.

During a regular meeting of the general council in October last, Mr. Hirsch introduced a resolution providing for a committee of six, three to be members of the general council and three to be citizens, to inquire into the advisability of a bridge over the railroad tracks on Forsyth street.

That committee was made up of: Hon. Joe Hirsch, Hon. W. H. Hulsey and Hon. G. H. Hutchison, of the general council, and Captain J. W. English, Colonel L. P. Grant and Mr. E. W. Marsh, citizens.

The first meeting of the committee will take place this afternoon.

Immediately after the creation of the committee City Engineer Chapman was instructed to give the scheme a careful study.

Then each member of the committee visited the locality to acquire a thorough knowledge of the situation.

Out of this work three plans have been evolved, and each of these will be closely investigated by the committee in its session this afternoon.

One plan starts the bridge at Marietta street on the north side of the railroad tracks and ends it at Alabama street on the south side of the railroad.

Another plan starts the bridge at the alley on the south side of the old capitol and ends it at Alabama street.

The third plan makes the bridge begin twenty-five feet south of the alley and end at Alabama street.

"All of the plans suggested," said Mr. Hirsch, chairman of the committee, "are alike with the exception of the starting point of the Marietta street side of the road."

"Which one will be?"

"Which one will be accepted? That I can't say. In fact, none of them have been perfected. The truth is, nothing has been done, except in the way of informal or, I might say, uncertain suggestions."

"What would be the cost of the bridge?"

"Something like \$25,000 or \$30,000 would be required to build it, I think."

"And the damage to the property along the street would?"

"It is not a certainty that any damages could be claimed by any one on the street. In my opinion every piece of property would be greatly enhanced in value. The plan we are considering would not hurt a single front on the street on either side of the road."

"That plan is?"

"Just this: Suppose we begin the bridge at the alley just south of the old capitol. Well, we will build a heavy retaining wall along the railroad just as we have at the Broad street bridge."

"But that wall will be ten feet less than the width of the street from curbstone to curbstone. Five of that ten feet will be on either side and a heavy retaining wall will be built

from the retaining wall alongside the railroad back to the point where the bridge begins."

"What is the idea in having those five feet on either side?"

"For wagons and other vehicles to reach the Western and Atlantic depot and stores before the starting point of the bridge. The plan suggested will have the sidewalks as they are now and the street just as it is for five feet from either curbstone. In the center of the street the fill will be made until the retaining walls are level with the altitude of the bridge. In that way you see none of the fronts will be hurt."

"On the other side of the railroad?"

"The bridge will begin at Alabama street and end with a retaining wall alongside the railroad. Then the iron bridge will span the opening between the two walls. On the Alabama street side, however, the bridge will be the full width of the street."

"Why, so?"

"Well, the grade on that hill is too heavy for teams anyhow. Teams from that side can cross the bridge and reach the railroad depot by the driveway on the Marietta street side."

The Sun's Cotton Review.

NEW YORK, November 24.—Futures opened at nine to ten points' decline, closing quiet and steady at a decline of four points on November, and six to seven points on other months from Saturday's closing prices. It is a short story with cotton today. Liverpool declined and our bull party showed neither confidence nor vigor. The loss of most of Saturday's advance was a result, and that, too, very early in the day. Later on, when it was seen that receipts at the ports would fall below estimates, there was an exhibition of strength, but no considerable activity, large receipts at interior towns checking any advance tendency. Still the belief was pretty general that the close that Liverpool may deliver tomorrow and the bears were not inclined to go home "short." Spot cotton quiet.

The Labor Agents on Hand.

RALEIGH, N. C., November 24.—[Special.]—Labor agents arrived here today and state that they will be able after all, to take to the far south a number of negroes. To do this they will use letters from negroes who emigrated some time ago calling upon their relatives in North Carolina to come southward and cast their lot with them. The agents say they will not begin active work until January next.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.
